## **--Me-lyrics**

/Chai Xinyun (3035348657)

Yeyaya(3035347902)

### **Introduction**

This Android application is the second assignment of COMP7506 Smart Phone Apps Development. Me-lyrics is an image-based lyric share app, combining the feature of the lyric sharing function from a Music Player and Image-editing function from an image share App.

### **Compiling and execution**

Please use Android Studio to import and execute this project.

### **Limitation**

Phone and tablet: API 15-Android 4.0.3( IceCreamSandwich) or above.  
The function of selecting and sharing pictures is running better on an Android phone.

Thanks to be our user!
